EXPERIENCE

<main />

Front-end Developer & UI/UX Designer

Dotandspot sp. z o.o.

since 06.2024

I build effective frontend solutions, design graphics and solve complex UX challenges for businesses (e-commerce, education, etc.), conduct training sessions (including non-tech people), organize meetings and do my best to ensure client satisfaction.

🔧 HTML, CSS (Tailwind, SASS), JavaScript, TypeScript, React.js, Vue.js, PHP (Laravel), Git + more

🎨 Figma, Adobe XD, Inkscape, GIMP

Research and Teaching Assistant

Academy of Applied Sciences – WSZIA in Opole

09.2023 – 03.2025

I taught psychological subjects to students, businesses and the public in Polish and English, conducted studies, analyzed all kinds of data, wrote a book on identity development and meaning in life as well as designed various graphics and developed web applications for conducting research, school organization and overall creative problem-solving.

Diverse examples of projects I've made and worked on:

[centralna.pl](#) – e-commerce website for an online pharmacy

[akademia merydian](#) – educational platform for insurance brokerage firm

[dylem.at](#) – PWA for scientific research & solving identity formation dilemmas

[schedule](#) – simple websites to provide students [and teachers](#) their schedules

[rank it](#) – minimalistic app used to reduce subjective bias in ranking things
